CLOSING ENERGIES OF THE SONG "IMAGINE" BY JOHN LENNON

Invocation of the Soul and Monadic Mantram

I am the Soul and the Monad,
I am the Light Divine,
I am Love,
I am Will,
I am Fixed Design.

Invocation of the Great Invocation

Let the Forces of Light bring illumination to mankind,
Let the Spirit of Peace be spread abroad,
May men and women of Goodwill everywhere meet in a spirit of cooperation,
May forgiveness on the part of all souls,
Be the keynote at this time,
Let power attend the efforts of the Great Ones.

So let it be, and help us to do our part.
Let the Lords of Liberation issue forth,
Let them bring succor and relief to humanity,
Let the Rider from the Secret Place come forth,
And coming, save. Come forth, O Mighty Ones,
Let the souls of all men and women awaken to the Light,
And may they stand with massed intent,
Let the Issuance of Oneness That We Are go forth,
The end of woe has come!
Come forth, O Mighty Ones,
The hour of service of the Saving Force has now arrived.

Let it be spread abroad, O Mighty Ones.
Let Light and Love and Power,
Fulfill the purpose of the Coming Ones.

Invocation of the Great Invocation– Con'td

The Will to save is here,
The love to carry forth the work is widely spread abroad,
The active aid of all who know the truth is also here.
Come forth, O Mighty Ones, and blend these three
Construct a great defending wall,
The rule of death is now at an end.

From the point of Light within the Mind of God
Let Light stream forth into the Minds of all souls,
Let Light descend on Earth.

From the point of Love within the Heart of God
Let Love stream forth into the Hearts of all souls,
As the Christ That We Are,
Is fully embodied Within the Earth.

From the center where the Will of God is known
Let purpose guide the little Wills of Men and Women ---
The purpose which the Masters know and serve.

From the center which we call the race of Men and Women,
Let the Plan of Love and Light work out,
And may it seal the door where evil has dwelled.
Let Light and Love and Power restore the Plan on Earth.

WESAK DECREE

I Am One with the Ascended Master State of Consciousness

As I prepare for Wesak for 2016,
I realize there is an energy that is pushing me to understand more of myself;
The previous months have prepared me for this time of renewal,
But yet I always need to remind myself of how the changes have created my new reality.

My desire is to understand what I am experiencing,
So I call upon Lord Buddha to help me to go deeper within myself;
As an Initiate upon the Mastery Pathway,
I want to learn how to see the change before it has happened.

This year, the energy is helping me to do just that,
I call upon what this moon represents for me;
As I walk with each of the masters,
I learn more about who I am becoming.

I want to complete the old cycle that has been stopping me from my progress,
I look deeply within myself,
As I see the transitions I have experienced,
I call upon the rays that have been grounded within Gaia's Essence,
So that I can fully allow them to be within my four-body system.

I call upon the Ray of Will and Power of the Deep Blue Flame,
As it ignites within me the ability to have Faith,
So that I can move forward in my pathway,
With the Strength and Courage that Master El Morya shows me.

I then ask for the Ray of Love and Wisdom of the Golden Yellow Flame,
To show me inside my sub-conscious mind what I have not been seeing;
I breathe deeply to allow this essence to help me,
As Master Djwhal Khul with Master Joshua,
help me to understand the errors of my lower mind,
To become my Divine Mind and allow the illumination that I AM,
To be fully within me.

Greater Cycles of Reality to Emerge ~ Completion & Embrace

The next step of my journey takes me,
To the Ray of Harmony and Balance through Conflict within the Crystalline Flame,
I feel its essence coming into my Root Chakra to cleanse and purify my past deeds,
I allow my Etheric Body to be cleansed through this essence of light,
As I connect with Master Serapis Bey to assist me to find the Balance within me.

I then call upon the essence of the Ray of Inner Devotion,
In the Flame of Ruby Red and Gold,
To permeate within my Solar Plexus,
As I start to allow my Feminine Divine to be nourished with Peace and Tranquility;
Lady Nada shows me that stepping into this essence,
Will allow all moments to become One Within Me.

As I feel these rays assisting me in my journey,
I start to sense that the Strength I desired to inhabit within my life,
As I gather Faith and Courage to be my guide,
Is right within me.

I embody the feelings of movement,
Through the challenge of not knowing where I am going,
All these spectrums of light become infused within me.

I start to realize why I have endured great challenges,
To come to this time of my pathway,
I must walk through the doorways of change;
At times it seems overwhelming,
I start to breathe and allow my Higher Mind to be within my consciousness,
The thoughts I had start to change into a positive re-creative process within me.

The peace I embrace is allowing me to go further in my pathway,
As I continue the journey from my Old Self into the New Reality Awaiting Me.

I am then approached by Lady Portia,
The Ray Chohan for Ceremonial Structure and Magic,
Within the Flame of Violet with Deep Purple;
She extends to me a moment of extreme intensity,
As the Violet Fire whips through all that is not harmonious within my full-body system,

I feel as if I have been cleansed inside and out;
I then experience the essence of the Deep Purple,
It ignites my Feminine Divine to be nourished and blessed,
As the part of me that was cleansed now comes into a transformative state,
I now feel the grounding that I was desiring to have within me.

I see the doorway that I need to acknowledge,
There is no fear, only the acceptance of my Inner Power fully acknowledged,
I bring forth the Action from my Masculine Self,
As my Feminine Essence Ignited the energies;
We come together in Love, the Will to move forward,
While acquiring the Wisdom through my empowerment;
I now allow the Power of both my Feminine and Masculine Divine to Be One.

I now Embrace the New Reality,
I have traveled far and wide to come to this space of existence,
I feel the peace, I feel the harmonization of my soul,
I am illuminated by my Divine Light within me,
As I move forward with ease and grace.

I now embrace the Violet Purple Flame,
As it has helped me to step into my New Self,
I Accept this moment as I walk with each of the Masters,
Into the next phase of my initiation levels.

I Am Empowered, I Am Love,
I Am One with the Ascended Master State of Consciousness.

Lord Buddha now embraces me,
For the ability to walk as an Initiate of Mastery,
Within My full-body system,
Of the Physical, Etheric, Emotional and Mental,
As my Three-Fold Flame is now Embraced within me.
I shall carry this into my next level of awareness,
And remember the ecstasy of reuniting myself,
With all that I AM of the Divine Mind I Am.

I Am that I AM that I AM

The Affirmation of the Disciple

I am a point of light within a greater Light,
I am a strand of loving energy within the stream of Love Divine.

I am a point of sacrificial fire,
Focused within the fiery will of God and thus I stand.

I am a way by which all souls may achieve,
I am a source of strength enabling them to stand;
I am a beam of light shining upon their way, and thus I stand.
And standing thus, revolve and tread this way, the ways of men and women,
And know the ways of God. And thus I stand.

I strive toward understanding.
Let wisdom take the place of knowledge in my life.

I strive toward cooperation.
Let the master of my life, the Soul
And likewise the one I seek to serve,
Through light through me on others.

In the center of the Will of God I stand.
Naught shall deflect my Will from His.

I implement that Will by Love.
I turn toward the field of service.

I, the triangle Divine, work out that Will within the square and serve my all I meet.

The Affirmation of the Disciple – Con'td

I am a Messenger of Light
I am a Pilgrim on the way of Love.
I do not walk alone, but know myself as one with all great souls,
And I Am one with them in service.

Their strength is mine. This strength I claim,
My strength is theirs and this I freely give,
A soul, I walk on Earth, I represent the One.

I am one with my group of Brothers and Sisters, and all that I have is theirs,
May the Love which is in my Soul pour forth to them;
May the Strength which is in me lift and aid them,
May the thoughts which my Soul creates,
Reach and encourage them.

I know the law, and toward the goal I strive.
Naught shall arrest my progress on the way.
Each tiny life within my form responds.
My soul has sounded forth that call,
And clearer day-by-day it sounds.

Huna Prayer for World Peace - 2016

We call forth the Council of Light for Wesak 2015. We ask that Lord Melchizedek overlight this invocation as we connect and stand in the presence of Lord Buddha in order to experience the essence of the light in the Himalayas so we may bring it back where our bodies are in the present moment.

We ask the following Masters to oversee this Wesak Festival being conducted on the 3rd of May 2015 to guide us every step of the way through this prayer to others.

We ask that all the Ascended Masters, Light Beings, Christed Inter-Galactics, Ray Chohans, the Councils of Light, the Angelic Community, the Inner Earth Beings and Communities of the Agartha Network, the entire God Force along with Divine Mother and Father God within the Unified Whole Command that represents the Creative Source of Oneness accept our prayers and help us create the New Earth through these prayers.

We ask and pray with all our Hearts, Souls, And Minds, and Might for your guidance, help, direction, and divine intervention in assisting each of us today with our ascension path and initiations. We ask that we receive the full integration of the Rays of Will and Power, Love and Wisdom, Harmony and Balance through Conflict, and Inner Devotion that have been grounded into Gaia's Core. We now stand as the Pillars of Light to hold the Ray of Ceremonial Structure and Magic as Gaia receives this essence.

We ask that all our prayers are answered in this moment and that we actualize everything that we desire in the form of cash flow, abundance, love, joy, healthy relationships, healing of our four-body system, acceptance from others for our work and our thoughts, and complete synchronicity in everything that we do and experience and that we experience Oneness in our daily lives, thoughts, emotions, and all activities.

We ask, today, for a Divine Dispensation to all the trauma and terror that is happening on planet Earth. May each person be infused with the Rays of Will and Power, with Love and Wisdom, Harmony and Balance, Inner Devotion, and Ceremonial Structure to make the necessary transformative changes within the earth. May all the people on this planet unite with one another. We ask that the tragedies occurring everywhere in the world be diffused and since these events sometimes need to occur, that we as

Lightworkers are able to assist as many people as possible. We ask those who have lost loved ones receive a surge of healing energies at this moment.

We ask that we utilize the connection of Lord Sananda, Lord Ashtar and the Ashtar Command along with the Whale and Dolphin communities to change the weather patterns around the world. We call upon their energies to assist us in healing GAIA's earth body. We bring forth this light to all areas of the planet that are in desperate need of receiving healing and prosperity.

We additionally ask for the Agartha Network of the Councils of Light within the Inner Earth to assist us to learn how to become more balanced in our 5th dimensional living in preparation for the New Earth.

We ask that all Beings that have crossed over be united with loved ones, angels, Masters, and unite with the Clarion Temple of Oneness. We ask for healing for all the souls that have perished in the last year. We ask to be instruments of peace. We ask all doorways open for everyone on this planet and people wake up to their own spirituality.

We ask that the Office of the Christ with Lord Maitreya and Lord Kuthumi be able to infuse within each individual, organization, and leader(s) of this Earth, the Christed energies so that change will occur upon this Earth, to help Gaia meet her Higher Self, Terra Christa.

We ask for help in receiving the crystalline body of light and allow the challenges we face to come through us in Ease and Grace; that we acknowledge our Higher Essence every moment of our lives. We ask for the anti-aging process to continue as we accelerate within our pathways of DE-Ascending our Highest Essence into our physical body. We ask that we acknowledge our lower self and continuing work through the pathway of soul psychology in our physical self.

We ask that all the children of this world to be able to accept their crystalline bodies and share their gifts unto others; we ask that they be protected and that we listen to them when they speak.

We ask to be the conduits of this energy so that the unawakened souls within the earth will see that change needs to occur. It is our job to hold this energy and not be the warriors in the process. We ask for assistance with the Presidential election in the

United States to bring peace and harmony to this earth by allowing the gateway to be fully opened so that change can occur.

We ask that people wake up to the increased energies of this earth and allow it to create positive changes instead of lower frequencies to be increased. We ask that the way of living from the Telosians and the Agarthians be put in place into the Upper Earth so that we may come together for the New Earth of Terra Christa.

We thank all of you for assisting us, as the Initiates, in our pathways to keep us strong, centered, and being the Way-Showers for the ascended light within GAIA as each of us fully understand what Oneness Represents.

We also ask that GAIA accept our prayers, energies of healing, and deep compassion for what she has held for eons of time. Our hearts align with her Heart within the crystalline structure of the core of the Earth.

So Mote It Be ~ It is Done.

Our beloved subconscious minds, we hereby ask and command that you take this thought form prayer, with all the manna and vital force needed and necessary to manifest and demonstrate this prayer, to the source of our Beings through our beloved Monads.

Namaste!

Lord, Let the Rain of Blessings Fall!

"Imagine"

John Lennon

We will be playing "Imagine" for our closing ceremonies but wanted to provide the lyrics in case you would like to join us in song...

Imagine there's no heaven
It's easy if you try
No hell below us
Above us only sky
Imagine all the people
Living for today...

Imagine there's no countries
It isn't hard to do
Nothing to kill or die for
And no religion too
Imagine all the people
Living life in peace...

You may say I'm a dreamer
But I'm not the only one
I hope someday you'll join us
And, the world will be as one

Imagine no possessions
I wonder if you can
No need for greed or hunger
A brotherhood of man
Imagine all the people
Sharing all the world...

You may say I'm a dreamer
But I'm not the only one
I hope someday you'll join us
And the world will live as one
